

## PROPERTY OWNERS MEET TO DISCUSS STREET EXTENSION

### Plan To Extend Victoria Street to Orchard Meets With Favor.

A meeting was held Friday evening of the property owners on Victoria street to discuss the extension of that street to Orchard. The stormy weather prevented a large attendance, but the ones present expressed favor of the proposition. Another meeting will be called soon to take up the matter more thoroughly. There was some discussion of the possibility of extending Victoria street as far north as Frank King's property. This will come up in the next meeting also, or as soon as Mr. Williams, one of the property owners returns home from the south.

The survey on the west side for a street to connect Orchard and Lake streets has been completed and it is thought that a survey of the east side which was brought to an abrupt halt several weeks ago by property owners will be begun again soon.

## Cash In Advance Plan Is the Modern Business Method, Readers Say

"Retaining subscribers on a newspaper's list of readers until they die or quit the paper after having read it for years without paying, is a very much out of date and antiquated method of doing business," a subscriber who had just paid for another year's good reading said to a representative of the Antioch News this week, commenting upon the announcement that all subscribers should be paid in advance on and after May 1.

### Modern Ways for Modern Days.

In days gone by country publishers labored under the delusion that they were bound to extend unlimited credit to readers of their paper in order to have a fair-sized subscription list. Subscriptions were traded for almost anything and non-paying subscribers were kept on the list indefinitely. If the publisher managed to eke out a living by working overtime he considered himself fortunate and willingly stood the subscription loss year after year. Credit subscriptions bring several varieties of complaints to the office. There is the subscriber who has received the paper for a number of years; a statement is sent for the arrears and the answer usually is, (in the case of those who wish to avoid payment): (Continued on Page 5)

## DEFEATED SENATOR AND CORONER MAY RUN INDEPENDENT

According to political posters there may be two independent candidates in the fall election. Senator Rodney H. Swift, defeated for republican nomination by Ray Paddock is keenly disappointed that he met defeat, and friends are urging him to become an independent candidate. Already it is thought, plans are under way for organization of a campaign committee to further his interests as an independent.

An advertisement in the Sun signed by Edward Conrad defeated by Dr. J. L. Taylor by 3260 votes, indicates that he plans running for coroner on the independent ticket. He states "as against 9709 votes cast for Mr. Taylor, 13,639 were cast against him—while I was second choice having received 6237 votes, the conclusion is that I or anyone of the other three candidates who opposed Mr. Taylor could have been elected if left alone in the race against him."

Francis May Run Alike  
From McHenry county comes the report that Charles Francis, also defeated for the legislature plans to run as an independent but he has made no definite statement.

FIRST NATIONAL BANK HAS  
INCREASED CAPITAL STOCK  
The First National Bank increased its capital stock from \$62,000 to \$100,000 on April 10. Three hundred additional shares were sold.

The H. S. Reeves Drug company are moving today from their old stand to the modern Central Block building adjoining the department store of Chase Webb. Several days will be consumed in moving but Mr. Reeves states that he expects to be doing business in the new place by Monday.

## Pen Factory Expects Renewal of Production Within Two Weeks

With the painting finished, the heating plant installed and workmen busily engaged in making work benches and cleaning machinery that went through the fire several weeks ago, the officials of the Corona Pen Factory expect that all will be in readiness for full production within two weeks. The building that has risen from the ruins of its former site so rapidly is the scene of much activity. Two rooms have been built on to the main building to take care of stock and the curing of stock, lessening the danger of explosion, in that the curing room has an opening in the ceiling covered with a light material that will give way immediately in case of an explosion and allowing all gases to escape through the medium of this opening. The factory room itself is large with plenty of light making it a pleasant place in which to work.

## DISTRICT MUSIC MEET NETS ANTIOCH HIGH SCHOOL 4 AWARDS

### Orchestra Wins First In Class B; Girls' Glee Club Third.

At the District Musical contest for High Schools of this district, held at Elgin Friday, Antioch Township High School brought home one first, two seconds, and a third out of the five entries they made. They were entered in Class B this year which includes all schools with an enrollment of 150 to 500 students. The competition was more keen this time than last year in Class C when the local school won the Class C state championship over a large number of entries.

The orchestra, pride of the students and townpeople, was easily first, from choice and difficulty of selections as well as in interpretation and instrumentation.

Louise Simons and Homer Tiffany each won second in their respective events, the soprano and baritone solos. They showed marked improvement in quality of tone over the last meet and ran very close in the race for first place.

The interpretation and blending of tones of the Girls' Glee club was excellent. They were awarded third place. Delmar Beman, the local tenor entry has a voice that will develop into a splendid tenor under training. He is a sophomore and a future is predicted for him in the coming years.

These contests are held as a means of securing a concentrated application by the different musical groups of the high schools. A trip to Normal is contemplated but no definite arrangements have been made because of the expense of the trip and the conflict of the date of the proposed trip and the opera "Sailor Maids" to be presented May 11.

## MAX PRZYBORSKI TO HEAD COMMITTEE

Max Przyborski, who was manager of the Emerson ticket in Lake county in the recent primary, was chosen chairman Monday of the Lake County Republican Central Committee to succeed William J. Stratton, secretary of state nominee.

Attorney Przyborski has been secretary of the Republican county body for two years and is one of the most efficient secretaries that organization has ever had. He began as campaign manager for but one candidate, Carlstrom, but he was soon recognized as too valuable to be handling one campaign and was made manager of the four headliners—Emmerson, Carlstrom, Glenn and Stratton.

## HIGH SCHOOL ELECTION CONTEST BRINGS OUT BIG VOTE SATURDAY

### Hawkins and Sabin Elected Board Members—557 Votes Polled.

One of the largest votes in recent years was polled at the high school Saturday afternoon when Fred Hawkins and D. B. Sabin were elected members of the local high school board of education. Mr. Hawkins is the newly elected but Mr. Sabin was re-elected, having served a number of years as secretary of the board. Mrs. Edna Warriner, third candidate on the ticket, and an active worker in community affairs, received a vote of 229; 515 voted for Mr. Hawkins and 327 marked their ballots for Mr. Sabin.

### No Contest at Grade School

For the third consecutive year Mr. S. E. Pollock was elected president of the grade school board Saturday afternoon. Lee Strang was re-elected director and Mrs. Lillian Heberich was elected to succeed Mrs. Mary Maplethorpe, who declined another term after having given three years' efficient service as secretary.

## FEDERAL-STATE AID GIVEN VOCATIONAL ARTS AT ANTIOCH

### \$15,583.87 Received From Fund During The Past Five Years.

According to statistics compiled from the treasurer's books, the Antioch Township High School has received \$15,583.87 in Federal and State funds during the past five years. This has been given to partly reimburse the salaries of teachers who are teaching the Smith-Vocational subjects of Home Economics and Agriculture. These courses at Antioch have changed the spirit of the community. In the rural districts so much help has been derived through the extension work of the Agricultural department that people are beginning to see that such a course in the high school curriculum is, and should be, of leading interest. Apparently one-half of the salaries of these teachers is paid by federal and state funds.

## Antioch Legion Post Attends Convention In Aurora Saturday

The Antioch and Grayslake Legion Posts chartered a parlor car bus in which to journey to Aurora Saturday to attend the 2nd Division Annual convention there Saturday and Sunday.

The bus left here at 1:30 Saturday afternoon, stopped in Grayslake and Wauconda to pick up members. Altogether a crowd of twenty-nine made the trip, going by way of Elgin. Headquarters for the visitors was the Hotel Aurora.

At 4 o'clock the Drum and Bugle Corps Parade was held and first prize awarded to Rockford Post. A banquet was served at 6:30 to a crowd of nearly 1500 in the Masonic Temple. Several prominent speakers and comedians were on the program of entertainment. After the feast the town was looked over until a late hour. The business meeting was held Sunday morning at 9:30, and plans were put under way for the next convention but no city has been chosen yet as a possible meeting place. The Antioch boys reached home late Sunday afternoon.

## EXPECT WORK ON GAS LINE FINISHED IN THREE WEEKS

The Locomotive Terminal company of Harrington under supervision of L. M. Dawson, superintendent, began operations here last week in connection with the laying of the gas pipes in the city. The work is well under way in the south part of town and it is thought that some business houses will have the service by the first of May, one of them the Antioch Hotel. The pipes in the north end will be laid as soon as work in the south and west portion of Antioch is finished. At the rate of 1000 feet a day and with favorable weather the company promises service at least five days before the expiration of their contract. As soon as the Terminal company complete their work the Public Service company will take it over and connect all buildings in order of application with the main line.

## ANTIOCH "DIAMOND BOYS" WILL PLAY BEGINNER SUNDAY

### To Cross Bats With League Champions of Last Year In N. Chicago.

With the Antioch Baseball team in tip top shape and the boys roaring to go the local fans will watch with eager eyes the outcome of the first game of the season when Antioch meets the West Side A. C.'s at Wire Mill Park in North Chicago Sunday afternoon.

The West Side A. C.'s was one of Antioch's hardest opponents last year as well as the League Champions for the season. A real game is expected Sunday and H. L. Lasco, manager of the team feels confident that his boys show a good chance to bring home a score in their favor.

Practice nights are at present set for Tuesdays and Thursdays and some work outs on Sunday mornings. The team will welcome any new comers who wish to make a tryout.

The batteries for Antioch's starter will be Jack Morley, pitcher, and either Barthel or Stranz as catchers. With the return of Nixon, Simpson and Drom after the close of their college work the squad will be greatly strengthened.

The lineup for Sunday:  
Lex Nelson, 3rd base  
H. L. Lasco, center field  
Russell Spicer, 1st base  
Dale Macklin, 1st base  
Harold Sullivan, left field  
Jack Morley, pitcher  
Bill Steinhilger, 2nd base  
Paul Clements, short stop  
Carl Barthel, catcher  
R. Stranz, catcher  
George Stelminger, right field  
Gene Sheehan, right field

Antioch is a member of the Lake County Amateur Baseball League and the winner of the season goes to Cincinnati to compete in the national Amateur Tournament. Everyone interested in sports should go out and give the boys a boost.

## PLANS BEING MADE FOR ANNIVERSARY PROGRAM AT PALACE

Plans are under way and preparations are being made for the three anniversary program that will be given at the Antioch Palace April 21 and 22, in celebration of the first birthday of the Palace. This year has been a highly successful one and has offered to Antioch and surrounding community one of the best amusement places in the county. Mr. Mackel is to be congratulated on the manner in which he conducts his business and the clean wholesome variety of amusement that the public enjoys there. An exceptionally talented orchestra will be brought here for the celebration coming from Los Angeles and recommended as one of the greatest orchestral attractions in several states.

## Benefit Show At Crystal Theatre For Commercial Club

The proceeds of the show "Finders Keepers" starring Laura LaPlant, given at the Crystal Theatre on April 23-24, will go to the Commercial club of the Antioch Township High School to help defray expenses for the contest at Barrington and pay for the adding machine recently installed.

Mrs. Russell Keelman and Miss Hazel Narman have accepted positions in the Antioch Bakery and Confectionery.

## VOTERS SMOTHER DAYLIGHT SAVING BY 2 TO 1 VOTE AT VILLAGE ELECTION TUESDAY

### VICTOR IN CLOSE CONTEST

Ray Paddock, who was a very close winner for the Republican nomination for eighth district senator, the official count showing a majority of 145 votes for the Wauconda supervisor. Paddock received a total of 17,383 votes as against 16,348 for his opponent, Rodney Swift. It is now rumored that Mr. Swift may run as an independent candidate at the November election.

## ANTIOCH DEALERS SEE CHANCE TO CLEAR UP FINANCIAL TANGLE

### Huber and Middendorf Are Charged With Fraud by Finance Concern.

### ATTORNEYS CLAIM ASSETS WILL COVER SHORTAGE

Chances of clearing up the financial entanglement in which Wm. J. Huber and Lee Middendorf, partners in the Antioch Motor Sales, found themselves involved a few weeks ago, were revealed today by Mr. Middendorf who stated to friends that barring foreclosure proceedings, assets of the company could be liquidated and claimants could be satisfied, thus opening the way to a withdrawal of the civil suit to be instituted by the Industrial Acceptance Corporation of South Bend, Indiana, and also the annulling of the criminal charges brought against the partners.

Financial difficulties, uncovered several weeks ago, led to an investigation by the Industrial Acceptance Corporation and charges of operating a confidence game in which the corporation alleges to have sunk about \$15,000 with the local auto dealers.

Late Tuesday both Middendorf and Huber, appearing with their attorneys, E. M. Runyard, before Justice Harvey Coulson in Waukegan, waived ex-amination and were held over to the October grand jury. Anstis A. Mabrey, an official of the Industrial Acceptance Corporation, filed the complaints in which Middendorf and Huber are charged with having swindled this company out of \$10,000. According to Attorney William Herr of the firm of Herr & Parnass, however, the alleged swindle will amount to around \$15,000. He said a civil suit will also be started against the Antioch business men as soon as the exact amount due the Industrial Acceptance Corporation is ascertained.

Huber and Middendorf, Attorney Herr says, are alleged to have swindled the Industrial Acceptance Corporation by making out bogus contracts of sale of automobiles and in this way securing money from this firm to use in their business.

Assets to Cover, Say Attorneys  
Attorneys for the local men stated that the books of the Antioch Motor Sales were being opened for the purpose of assisting the finance corporation in the investigation, and contend that there are apparent assets to cover all mortgages not acceptable to the corporation.

Car owners who made their purchases from the Antioch Motor Sales have felt considerable concern during

## Trustees Hawkins, Vos and Murrie Returned to Office

### ISAACS AND ROSING ELECTED

In an avalanche of votes similar to that given to the Emerson slate of Republican candidates a week ago, the daylight saving proposition and candidates for village trustees, on the independent ticket were defeated about two to one at the village election here Tuesday.

A count of the daylight saving ballots showed that 296 favored standard time while 135 registered their desire to turn the clock up one hour from May to September. Daylight saving was in effect here last summer, having been put into effect by ordinance, but the plan did not meet with universal favor and the village board decided to put the matter before the voters at the election Tuesday. The vote wasn't even close.

Harry A. Isaacs was re-elected village clerk and William A. Rosing, elected treasurer to succeed Wm. F. Ziegler, will be custodian of the village funds for the coming year.

On the People's side of the ballot 186 marked it straight, and 69 independents ignored the left hand side of the ballot.

#### Results at Lake Villa

Lake Villa polled one of the largest votes to be cast in that village for a field of six trustees of which three were elected. The results were as follows: Albert Kappeler 101, Carl Miller 109, Fred P. Hamlin 94, John K. Cribb 91, James Kerr 84, and Herman L. Miller 79. For clerk Carl W. Reinbach defeated William Schora, 105 to 77.

#### FOX LAKE

Fox Lake also turned out a big vote and passed an \$8,000 bond issue for the purpose of completing the construction of a deep well by 263 to 213.

Trustees elected were: L. W. Brydes 262, Frank Gerstensen 247, and Louis Olson 244. Those defeated for the trusteeship were Joe Tanel 231 and John H. Pike 164. Arthur Franzsen was elected clerk over Noel E. White, 283 to 199.

## BOYDA DAIRY CO. SHIPS 27,000 LBS. OF MILK DAILY

The Boyda Dairy company of Salem under the management of James H. McKelvey and son, Clyde, serves 105 patrons each day and cures for 27,000 pounds of milk daily. The milk is cooled and weighed early every morning and by ten o'clock is loaded on large trucks and taken to Chicago. One truck with trailer and single trucks are used in the hauling. This dairy was purchased from the Salem Milk Producers.

The past week, but supreme court decisions in the past on matters of this kind make it reasonably certain that no car owner who has purchased an auto and paid for it will be molested. Such a procedure would lead to a great deal of trouble on the part of the finance company, attorneys say.

## UPLIFTING OUR MENUS

Whatever the public may think of the American menus, a meeting of organized chefs and caterers in Chicago has given special interest and concluding authority to the proposal to uplift our dishes. Even soups are to be standardized. It is the contention of the cooks that we have shown no national ingenuity for making culinary conquests. "In the past century," said Fred Schmidt of Louisville, "all America has produced is chop suey, hamburger steak, and hot dog—and nobody knows what's in them." And denser is the ignorance about a hors d'oeuvre. By the rating of C. L. Schweitzer of Chicago, "thousands don't know but what it's hors de combat. Sometimes it is."

All this is bad enough for the uneducated palate. And yet, all is not darkness. The very fact that hamburger has names in seventeen languages points to the bright hope that some day every one will know it as well by its name "a la Duke of Marlboro" as by its alias of "Popolettia di Milano." By all means let our menus be exposed to the uplift of the higher learning. Oxford gave marmalade and a manner to the world. And it was Cambridge that contributed science and a sausage.—Nations Business Magazine.

## Cheese Eggs in Potato Border

Mashed potato  
2 tablespoons butter or margarine  
3 tablespoons flour  
1½ cups milk  
Salt, pepper  
2 eggs  
1 cup bread crumbs  
1 cup grated cheese  
2 hard-cooked eggs  
Line a baking dish with well-seasoned mashed potato. Melt butter, add flour and blend well. Add milk slowly and cook until thickened, stirring constantly. Season with salt and pepper, add beaten egg yolks, crumbs, cheese and chopped hard-cooked eggs, and fold in stiffly beaten egg whites. Pour into baking dish. Bake in a modern oven until brown. Time in cooking, 45 minutes. Temperature, 350 degrees. Recipe makes 6 servings.

## Ham Noodles

1 package (6 oz.) wide egg noodles  
2 cups chopped cooked ham  
3 eggs  
1½ cups milk  
Butter or margarine  
Salt and drain noodles, add ham, eggs well beaten, and milk. Mix all together thoroughly, turn into buttered baking dish, dot top with pieces of butter and bake in moderate oven. Serve with tomato sauce. Time in cooking, 1 hour. Temperature, 350 degrees. Recipe makes 12 servings.

Jabot drapes are outstanding in spring styling. They are either of the material of the dress, or jabot flares and frills of lace or platted georgette are added in a trimming way.

What with dress skirts taking on widened hemlines, the trend to fullness is reflected in the new three-line lingerie combinations. Daintiest crepe de chine or sheerest of voile yields best to the new finely platted treatments. Now that "curves" are coming in again, undergarments accent the waistline.

Costume jewelry is having its day. Never has there been, at least in this age and generation, such a display of marvelous bracelets, necklaces, earrings and brooches, designed to become an integral part of the costume. Gold or gold with silver or else all silver wrought in modernistic design features for sportswear. Long chains of sparkling cut crystal, also rhinestones especially for shoulder pins, also colorful jewel settings round the dresser and more elaborate note.

For little daughter's "spring bonnet" why not choose a cunning crocheted straw type? They are styled in such interesting tams and cloches. For liner tots bonnets adopt a flare of shirred georgette which frames the face.

FROCKS OF GAY SILK PRINT  
ENLIVEN THE EARLY SPRING MODE

IN THEIR reaction against winter and its somber coloring, women of fashion are turning with greatest enthusiasm toward frocks of gay silk print. For the most part these spring-like dresses are made up very simply, emphasis being placed upon the vivid coloring and spectacular patterning of the fabric, rather than upon elaborate styling. Also it is expedient to maintain simplicity in the making of these dresses of unstained silks, so as to make way for the "touch of lace" at throat and wrist, which is fashion's pet hobby this season. A colorful print frock adorned with a lovely lace collar and cuff set is the ideal of the immediate moment.

The subject of silk prints for the coming spring and summer season is exhaustless. All one can do in a limited space is to touch the highlights in the telling. Much importance is attached to a series of silks which are proudly paraded in that they copy direct the patterning and colorings of the early American Indian folk. Not only their arts and crafts

but their very wigwam equipment have furnished inspiration for these prints, which are really meritorious in their every phase of color, design and weave.

Ordered silks are very important in the fabric mode. Many of the newest are polka dotted, with borders in vivid coloring and striking modernistic patterning.

The new floral patternings are enchanting. Bouquets are silhouetted against contrasting backgrounds in a way which heightens the color effect. In this class one sees vivid orange or flame-colored flowers against a navy or black background or perhaps a collection of garden posies in a setting of glaucous green on soft gray or possibly sage beige. The dress in the picture is very timely for early spring wear. It takes but a few yards of colorful print silk for a model such as this and owing to its simplicity it can easily be made at home.

## AFTER DINNER ENTERTAINER

The perfect after-dinner entertainer has been found, or rather invented. He speaks when he is spoken to and cleans up the debris when he is whistled to. His "insides" look something like a telephone switchboard, to be specific, and to go from bad to worse, he is—

Dan, Dan, the mechanical man.

He creaks up the table and he cleans up the floors.

"Phone him your order and he'll do all the chores.

Disputing the name of Dan, are the indefatigable euphemists and punsters who have dubbed him William Tell E. Vox. At any rate, Bill Tell vox proved his merit on Washington's birthday in Manhattan when he amazed dinner guests by running a vacuum cleaner, starting an electric fan, turning on the lights and pulling the American flag shroud from a portrait of George Washington. In Frankenstein role, the inventor of Teletex, one R. J. Wesley, whistled his orders through a flute, the series of notes from which traveled up an electric pulse in Bill's left arm, and immediately Bill became as lively as a monkey on a

stick. Inventor Wesley foresaw the day when the housewife would call up her mechanical servant and order him to close the windows because of an approaching storm. Sportsmen pictured him officiating for busy mayors and throwing out the first baseball in the spring.

## WILMOT BALL CLUB SPONSORING HOME TALENT DRAMA

First Ball Game of Season  
Will Be Played at  
Genoa City.

The Wilmot Baseball club is sponsoring a play given by Slades Corners talent Friday evening, April 20, at the Wilmot gym. It is a three act comedy—"Ann's Little Affair"—and ran successfully to crowded houses at Slades Corners for two nights last week. The cast includes Doris Ganzlin, of Wilmot; Mildred Smith, Roman Sauer, Idella Seno, Elmer Getka, Wallis Sauer, Frank Smith, Thomas Grady of Slades Corners, Howard Pennywell of Burlington drilled the cast. Specialties have been arranged between acts, one a dance skit by Mary Daly and Alice McDougall. Tickets for reserved seats can be obtained at the Wilmot Drug store.

Weather permitting the first base ball game will be played at Genoa City Friday afternoon. Though no definite lineup has yet been selected the following men will play—Captain Roy Madden, catcher; Geo. Richter or Runyard, pitcher; Hansch, first base; Hufton, second base; Bernhoff, short stop; Mender, third base; Bloss, left field; Schmalfeldt, center field; Shreck, right field. Winsor Madden, Jedele and Loftis may also see action.

Dolores Brownell is ill with flu. Mr. and Mrs. F. Kruekman and Dale spent Sunday at Crystal Lake. Mr. and Mrs. Alfred Reynolds were week end guests of Mr. and Mrs. W. Peterson in Kenosha.

Mrs. Harry McDougall, Mrs. L. Hegeman and Mrs. F. Burroughs attended a birthday dinner at the home of Mrs. Fred Schenning at Silverlake last Thursday.

Mr. and Mrs. Earle Shales and family of Woodstock were dinner guests Sunday of Mr. and Mrs. W. Cairns.

Mr. and Mrs. Cyril Pacey announce the birth of a son, Harold Clayton on Sunday, April 15.

Don Herrick spent the first of the week in Chicago with his mother, Mrs. Minnie Herrick.

Mr. and Mrs. Clarence Wright of Lake Geneva spent Sunday evening with Mr. and Mrs. Arthur Holdorf.

Lynne Sherman and his daughter Shirley and son Roger have all recovered from the flu.

Mr. and Mrs. George Higgins and daughter spent Saturday in Kenosha.

Mrs. H. Boulden and Mary Boulden entertained Mrs. C. Sibley, Mrs. S. Winchell, Mrs. Fred Hawkins of Antioch and Mrs. Emma Council of Kenosha Wednesday.

Union Free High School

After winning the local Ill-Y basket ball tournament a few weeks ago from Rochester the Wilmot Ill-Y club lost the championship battle at Racine Friday evening by a score of 20-16. The game was close and hard fought at all times. Schmalfeldt, Hufton, Mender, Bloss, Shreck, Bernhoff, and Madden played for Wilmot.

Work on the Senior Class play, "What Happened to Jones" is progressing rapidly. Ebenezer Goodly, a professor of anatomy, is persuaded by Richard, his daughter's suitor, to attend an illegal prize fight. The fight is raided and the two escape to Ebenezer's home. Jones a salesman of prayer books and playing cards, also eludes the police and seeks refuge in the Goodly home.

Mrs. Goodly expects the bishop of Ballarat to arrive that evening. Jones, unable to leave the house which is guarded by police, makes use of this situation and assumes the position of the expected bishop. He substitutes well, especially in his meeting with Mrs. Goodly and in his love affair with Alina, who has been secretly corresponding with the real bishop for many years.

The poor bishop, when he arrives is hurried off to an upstairs room, where he is deprived of his suit. When he does get out of the room and once more gets to the main floor, he is confused with an escaped lunatic, who wears a blanket about him as the bishop does when he seeks a suit to wear. Finally, identities are clarified but only after many confusions and laughs and after the intruder, Jones, has won the love of Alina.

A very fine program was enjoyed by the P. T. A. last Tuesday evening. Numbers on the program were—selections by Junior Girls of Silver Lake; vocal solo, Miss Shotten; Vocal Dues, Olene and Velma Schmalfeldt; Whistling novelties, Mr. Riley of Burlington. Address, "The Constitution", Attorney Staplecamp of Kenosha.

The honeymoon is over when the bride wants a heater in the coupe to keep her warm.

Why is it that when you tell a woman she is not looking well she will look triumphantly at her husband.

## MILLBURN MUSINGS

Miss Mary Eichinger spent Friday and Saturday with Mrs. Gerrity at Mukwonago, Wis.

John and Chase McGuire of Waukegan called on Wm. McGuire Sunday. Mr. McGuire's condition remains about the same.

Mr. and Mrs. D. H. Minto and family spent Sunday with Mrs. Minto's parents Mr. and Mrs. Holloway near Paris Corners.

Mr. and Mrs. V. H. Straug and sons spent Sunday at L. S. Bonner home. Miss Grace Holdridge of Waukegan was a week end guest of the Bonner family.

Misses Katherine and Ruth Minto returned to their school duties at Beloit college.

Mr. and Mrs. Robert Bonner and sons spent Sunday with the George Beaumont family near Kansasville.

Miss Mary McCann, teacher at Stearn's school and Robert McCann, rural mail carrier, have both been sick with the flu the past week.

Mr. and Mrs. E. A. Martin and Richard spent Monday in Chicago.

At our school election Saturday evening E. A. Martin was elected president of the board. Lewis Bauman and Leslie Bonner were elected directors for three years and L. J. Slocum was elected for one year to fill vacancy.

Mr. MacNair was unable to come out for the church service and sent Mr. Platt for the seminary to fill his place. Mr. Platt was entertained at J. G. Bonner's home.

Miss Una Minto left Monday for northern Michigan, where she will spend three weeks speaking in the interests of missions in Africa.

Mrs. L. J. Slocum is slowly improving after several weeks illness with a severe cold.

Mrs. E. A. Martin and Richard, with other Antioch high school students, drove to Elgin Thursday.

## Birds' Courtship

Male birds in the mating season often perform love dances and engage in other peculiar antics, as, for instance, the mud acrobatics of the chat, which are for the special amusement of the females; their effort being, as Darwin observed, to display their charms to their prospective wives.

Personality Vs. Learning

A school teacher died in Indianapolis of whom the Indianapolis News editorially stated that "she was greatly beloved by her pupils." A teacher who is greatly beloved by her pupils is a great teacher, no matter whether she is a very learned person or not.—Topeka Capital.

Odd Reasoning

Strange it is that men should admit the validity of the arguments for free discussion, but object to their being "pushed to an extreme"; not seeing that, unless the reasons are good for an extreme case, they are not good for any case.—John Stuart Mill.

Sources of Eloquence

True eloquence does not consist in speech; labor and learning may toll in vain; words and phrases may be marshaled in every way, but they cannot compass it. It must exist in the man, in the subject and in the occasion.—Daniel Webster.

Impatient

Bobby was getting impatient with his sweetheart, and said: "Betty, how is our romance going to end?" "Why, Bobby, why did you go and bring that up. You don't want to skip to the last chapter yet, do you?" was the apprehensive reply.

Cup of Tantalus

A Tantalus cup is a scientific toy consisting of a cup with a puppet in its bowl. Water may be poured into the bowl as high as the puppet's chin and then it will recede, being let out at the bottom through a siphon in the puppet's body.

New York Once Capital

New York was the capital of the nation for approximately one year and a half. George Washington was inaugurated in New York April 30, 1789. New York ceased to be the federal capital August, 1790.

Weight of Metals

The weight of a cubic foot of various metals is as follows: Pure gold, 1,200.9 pounds per cubic foot; silver, 655.1 pounds; cast iron, 450 pounds; wrought iron, 480 pounds; steel, 489.6 pounds.

Labor's High Value

Love, therefore, labor; if thou shouldst not wait it for food, thou mayest for physic. It is wholesome to the body and good for the mind; it prevents the fruit of idleness.—Penny.

Remembrance Hurts

"If a woman takes a dislike to her husband," said Uncle Eben, "his worst punishment is remembrance" when he used to think he was some kind of a Romeo.—Washington Star.

Statesmen and Warriors

Three United States Presidents fought in the Revolutionary war: Washington, Monroe, and Jackson, according to an answered question in Liberty.

Typical Traveler

Some folks travel so much they can't pack a bag at home without absent-mindedly slipping in all the towels in sight.—Wooster Record.

## STATE CAPITOL ITEMS

### AIR EXPRESS IS ESTABLISHED FOR FOUR CITIES

An agreement has been reached by the Robertson Aircraft Corporation, St. Louis, and the American Express Company for express service by airplane between St. Louis, Springfield, Peoria and Chicago. The express will be carried on the same planes which now carry passengers and mail, the aircraft announced.

The cost of mail express will be 25 cents for each quarter pound with a minimum charge of \$1.00. At the destination of the airplanes the express company will take charge of the shipments as it now does with consignments over rail.

The service will connect with the trans-continental express now in effect through contact routes. In addition to the St. Louis-Chicago routes a line between St. Louis and Kansas City is being contemplated.

Violators of Traffic  
Taught To Drive  
In Police Courts

Good automobile drivers must be caught in adolescence, Chicago West Park police believe. Accordingly, after struggling with the national problem of motor accidents and deaths, they have adopted a policy of teaching instead of punishing offenders of traffic laws.

Instead of being ordered to pay fines or sent to cells they are sentenced to "school" and enrolled as students in the violators' classes. This is not a "stunt" on the part of the boulevard police but a permanent routine resulting from a four years' trial of the experiment.

That it has been very successful is attested by the fact that in 1927 there were only twenty-seven deaths in that district resulting from careless driving and in the last three and one-half years only one child has been killed on the way to and from school although about 90,000 cross the boulevard system every day at least four times.

The area embraced in the boulevard system where traffic is handled by education instead of fear covers fifty miles of thoroughfares. The method of procedure is much the same as exists the country over, so that when the violators come into court they have their tell-tale cards of admission bearing witness to high speed, parking without lights, left-hand turns, turning in the middle of the boulevard or some other of the many prohibited acts. It is rather significant fact that among the violators of traffic laws age outnumbers youth two to one.

Frequently it is asked to what extent occupational therapy is effective in the treatment of the insane patients at the Chicago State hospital. Those who are interested will be pleased to know that the results obtained in the occupational therapy department are very gratifying indeed, as evidenced by the fact that an average of one hundred and twenty patients a year are so far restored to mental health that they are able to leave the institution to return to their homes.

In the production of hogs, Illinois is many times a millionaire, over four million head being grown every year.

### New Bridge Across Mississippi Provides Short Route To South

With the completion in September of the new \$1,500,000 highway bridge over the Mississippi river at Cape Girardeau, Mo., a new and shorter route into the Ozarks will be opened to tourists of Illinois, Kentucky and Indiana and other states east of the Mississippi river.

The new bridge, the only vehicular causeway over the Mississippi between St. Louis and Memphis—excepting the one directly opposite the latter city—also will afford a new short route from Chicago through Memphis to points in the south and southwest.

City Officials Bar  
Traffic Signs For  
Benefit of Tourists

Because city officials of Hancock Md., believe the absence of traffic signs on its streets will cause motorists to stop and ask questions—and incidentally spend money—they have refused permission to the state roads commission to erect such signs within its limits.

A veteran of two wars, Brigadier General James M. Eddy, 70, retired, of the Illinois National Guard, died at his home in Glenview, a few days ago. Brigadier General Eddy was a lieutenant colonel of the 131st Infantry regiment during the World War and saw service for a year overseas. During the Spanish-American war he was a major of the third battalion, First Illinois Volunteers, and later saw service on the Mexican border in 1916.

Many of the bottomless mud-holes which travelers have found in the dirt roads of Illinois during the past winter are the typical "slick spots" now definitely recognized by scientists as a flaw in the soils in certain sections of the state, according to E. A. Norton, of the soil survey division, college of agriculture, University of Illinois.

These spots vary in size from a few feet to several miles square and in some localities they make up ten per cent of the total soil area. When dry the spots become very hard and resist further penetration of water. When they are thoroughly wet, however, they take on more water readily and seem bottomless. In this stage, the soil in them has a smooth or slick feel—whence the spots get their name.

Official figures of the state tax commission announced a few days ago show a tax valuation of \$3,420,000,000 on all property in the state, based for

the first time on the full property valuation. Collections for 1927 are being made at the rate present time.

With a tax rate of thirty cents on the hundred dollar valuation, this will yield the sum of \$23,597,000 in taxes, or approximately \$2,000,000 less than in 1925, when a total of \$33,602,878 was produced.

Railroads Ordered To  
Reduce Freight Rate  
On Coal Shipments

An order announced by the Illinois commerce commission directs the Chicago and Alton, Chicago and Eastern Illinois, the Illinois Traction and other lines of the state to reduce rates for the shipment of coal from Westville and other points and from the Springfield group of mines to Hoopesston. The railroad companies also are directed to prepare reparations as asked in rate cases which have been pending before the commission for some time. The rate, it is estimated, will be reduced 5 cents a ton.

In Illinois a person is blind when the eyesight is so deficient that even with the aid of eye-glasses, he cannot do the ordinary things of life such as reading ordinary print, Attorney General Oscar E. Carlsstrom has ruled.

John E. Seating, state's attorney of Jackson county, asked Carlsstrom's ruling as to what degree of sight a man must possess or not possess to be entitled to the blind pension.

Building costs are lower now than they were a year ago and they will remain practically the same during the remainder of 1928, George P. Nixon, president of the Chicago Real Estate Board, told visitors at the eighth annual "Own Your Home" building and equipment exposition at the Coliseum in Chicago. He added that it is therefore considerably cheaper to build a home now than it was a year ago.

The State Tax Commission has ordered a reduction in the tax rates of Stephenson and Champaign counties, to become effective at once. The rates in Stephenson were ordered cut 25 per cent and in Champaign 20 per cent, according to announcement made by William H. Malone, chairman of the commission.

## First Dispute Ends in Fatal Duel for Friends

Cleveland, Dec. 10.—A pistol duel which followed the first quarrel they ever had, ended the lifelong friendship of Joseph D. Caprio, fifty-five, a car inspector, and Tony Gregerio, forty-six, a carpenter. Tony went back to Italy and returned with a bride. The evenings they usually spent together became fewer.

Tony gave a party one Saturday night. Afterward he and Joseph quarreled, the first, Joseph's son, Ralph, said, they ever had. They finished the argument with bullets and died of their wounds.

They were buried together in a double funeral.

## Little Fort Orchestra Pleases With Sacred Concert at Church

The regular evening service at the Methodist church was turned over to the Little Fort orchestra of Waukegan who entertained the congregation with a sacred concert under the direction of Mrs. R. O. Hendren. This orchestra, composed of a group of eighteen young men and women has made several appearances at various churches in Lake county and community and Antioch people were pleased to have them appear here for the first time. A wish has been expressed for their return at some near future date.

The program consisted of ten numbers including vocal solos, flute and clarinet duet, violin solos, quintette and four selections by the orchestra, concluded with the Peasant Overture, a general favorite of music lovers, and played with perfect time and assurance by the orchestra. The feature number of the evening was the selection "Somewhere A Voice Is Calling" played on a carpenter's saw.

We have learned more about politics, both state and local in the last few weeks, than we ever knew before. It is too bad that we cannot elect all of the political aspirants to office they desire, for, after listening to each and every one of them, we were certain that they were the very person for the job.

## Cash in Advance Plan Is The Modern Business Method, Subscribers Say

(Continued from first page)  
"I subscribed for the paper for one year only and it kept on coming. I owe you nothing." On the other hand, if the cash in advance policy is followed to the letter and subscribers' names are removed from the list when their time is out, many ask: "Is our credit not good for the price of a year's subscription? Why was our subscription stopped? We want the paper sent right along and intend to pay for it?"

So, the reader will observe, this subscription problem has always been a matter of the publisher being "between the devil and the deep blue sea." A cash in advance plan will do much to simplify the keeping of records, and it is a matter of great gratification to the News that the announcement has been meeting with almost universal approval and that the plan, instead of lessening the number of readers, the subscription list has been very materially increased during the past few weeks.

**Enters No Home Uninvited.**  
It is not the desire of the management to have the Antioch News enter any home uninvited, as this is not necessary in order that the news may have a large subscription list. This newspaper has sold on its merits as a community newspaper for nearly half a century, and as every effort is made to improve it as such, it will continue to have a large number of readers.

## NEWS FROM OUR NEARBY EXCHANGES

**GRAYSLAKE**—The Chrysler roadster driven by Walter Horenberger crashed into the rear end of a motor coach last Friday morning and smashed the left rear fender and wheel. The bus which was in front of Mr. Horenberger stopped suddenly, and when he applied the brakes suddenly the rear end of the machine skidded on the wet pavement and crashed into the bus. No one was injured.

**BURLINGTON**—Mr. and Mrs. G. P. Maurice of Brighton are the parents this week of the third set of twins born to them within the past five years. The new arrivals are both boys.

**WOODSTOCK**—Elmer Cloud of the Cloud Express Company of Chicago paid a fine of \$100 last week in the Crystal Lake court after highway policemen had found the large overloaded Cloud truck mired in the detour on Route 19. The truck with its contents weighed 41,170 pounds and the state stipulated weight for trucks traveling over cement pavement is 25,000 pounds, consequently the truck was overloaded to the amount of 16,170 pounds. There were seventy-five one hundred pounds of sugar from the A. & P. store at Woodstock on the truck.

**LIBERTYVILLE**—A long projected merger of the Insull coal properties with the Peabody Coal company interests is now a reality. Eleven mines in five states owned by the Insull subsidiaries have been consolidated with the Peabody company making the latter company a \$44,000,000 corporation.

**McHENRY**—Little Lotus Crawford fell through a hay chute Sunday afternoon sustaining injuries that are serious. She was playing hide-and-seek with her brothers and sisters while playing upstairs in the barn when the hay chute gave way, throwing her to the floor below. She struck her head causing concussion of the brain and was unconscious for several hours.

**McHENRY**—A still was discovered on the Ben Brown farm between McHenry and Woodstock last week. The barn on the place was well equipped with machinery and apparatus capable of putting out a large quantity of liquor. Two truck loads of sugar were found on the farm.

**PALATINE**—While returning to Palatine last Thursday night Mr. and Mrs. Herman Neimeyer came upon a man on Northwest highway who was evidently insane. He advanced upon

the car waving his arms and shouting "Kill Me." Mr. Neimeyer rushed to town and notified police who hurried to the scene. The man was taken to the Psychopathic Hospital in Chicago. It is said that the unfortunate man had been engaged in selling real estate and that financial worries had undoubtedly affected his mind.

**ARLINGTON HEIGHTS**—Mrs. A. W. Blume was running the wash through an electric wringer Monday morning and accidentally caught her index finger in the wringer tearing and crushing the finger badly.

**GRAYSLAKE**—The Grayslake people have installed a grand stand that will seat over 500 people at the Grayslake Park for the baseball team. The team there has promised to be one of the best in the Lake County Amateur league and local fans are looking forward to an interesting season.

**GRAYSLAKE**—A. F. Seisser and L. E. Richardson have purchased a Universal All Automatic Concrete Block Maker. It will be set up on the John Wraite property and operation will start at once. This is one of the latest type block machines on the market, two men being able to turn out two blocks a minute.

## LACQUER DEMONSTRATION AT WILLIAMS BROS. STORE ATTRACTS BIG CROWD

Many people were attracted to the lacquer demonstration held at Williams Bros. store last week under the direction of Mrs. Rose Norstrom, expert interior decorator. The public was invited to bring in articles they desired to have painted. The demonstration was held for the purpose of instructing prospective customers how to use the lacquer advertised and the transferring of designs to furniture.

### All Men Give Ear

He that seeketh about to persuade a multitude that they are not so well governed as they ought to be shall never want attention and favorable hearing. Rev. Richard Hooker.

### Oil Lamps

For a good light in an oil lamp the wicks should be changed every three months at least. The old wicks, if cut into even lengths and stored in the make excellent fire lighters.

At the price of ordinary gasoline

Keep a record—watch your expenses—make comparisons—see for yourself how much LESS it costs to run your car on 400 "Extra Dry" than any other gasoline that sells at the regular price.

Full mileage from every gallon. Yes—and that's only one of the many good results you may expect from this superior gasoline. Instant starting in any weather—swift getaway when the green light flashes—acceleration that thrills and exhilarates—and in addition to this, a cleaner, sweeter-running motor with less expense for valve grinding and general overhauling.

The reason is plain—Shell Gasoline is refined by a revolutionary process that takes only the most volatile elements from the crude. It is extra dry, which means it is ALL gasoline. Every drop vaporizes—every particle is converted into power—there are no impurities or greasy particles to clog up the spark plugs, pass the pistons unburned and dilute the oil in the crankcase.

Treat your car to this better gasoline. You will find it on sale at all Shell yellow-red service stations and Shell Dealers at the regular price—not one cent extra for its extra quality, or the extra service it will give you.

## DIRECTS RESCUE AS HE HANGS BY LEG FROM CRANE

**Injured Man Grimly Calls  
Directions Until Cable  
Releases Its Grip.**

Jersey City, N. J.—An Louis Knapp, freeman on a steam crane working in the covered cut near Central avenue and Fleet street, Jersey City, threw the lever which started his hoisting gear, a loop of steel cable swung out and caught him by the right foot. The hoist song as the revolving drum sank Knapp from his cab and rolled his leg into the machinery.

Chester Cuddey of 111 Orchard street, Newark, the engineer, heard him shout and stopped the crane. Knapp was hanging by his crushed right leg, which was caught between the hoisting cable and the drum. Immediately he began to tell the workmen who gathered about how they must take the crane apart to avoid severing his leg.

### Directs His Rescuers.

"I'll tell you what bolts to take out," he shouted, the perspiration pouring from his face. "Start there with that one. Now move the hoist up a little—so. Now take that off."

An ambulance from the Jersey City hospital arrived soon Knapp still was

"I'll Tell You What Bolts to Take Out."

conscious, still giving directions to the hurrying workmen.

"If you don't take it apart you'll have to cut my leg off," he was saying. "I'll tell you just how to do it."

After a few more minutes he grew faint. The ambulance surgeon scrambled up the hoist and gave him an injection which strengthened him. The detailed directions were resumed, while a score of hands loosened the bolts which held the hoist. Several times Knapp was revived by injections. His face became white and tense. Forty-five minutes passed.

### Reaches Hospital Still Conscious.

Finally the catch which held the cable came loose. Quickly it was unhooked from the drum. The injured man was taken down, and the ambulance rushed him to the hospital, where his leg was found to have been badly mangled. He still was conscious.

The covered cut is part of the system of approaches to the Holland tunnel on the New Jersey side. The crane, owned by the United States Steel Construction company of Newark, was being used there to hoist 14-ton steel beams into place for the framework of the structure.

## Dogs Halt Train, Save Man Fallen on Track

Cedar Rapids, Iowa.—George C. Clark, Wadena farmer, owes his life to a coach hound and a white collie, and he insists that his kind treatment of them was responsible for the dogs going to his rescue.

Accompanied by the dogs, Clark was returning home, walking between the tracks of the Milwaukee railroad. He was overcome by a heart attack and fell unconscious. While the collie crouched by his side, the coach hound ran up the track barking furiously. Three blocks distant a passenger train was approaching. The fireman saw the dog running toward the locomotive and, fearing something had happened, warned the engineer to slow down. The hound hopped on the pilot of the locomotive while it still was in motion and rode to where its master lay unconscious. The collie was still by the side of the body when the train stopped.

## Man Locked in Rear of His Coupe 5 Hours

Sandusky, Ohio.—If Gas Kenyon, of Florence Village, near here, had not been such a cool man he might have saved himself five hours' imprisonment in the back end of his coupe.

Kenyon's chauffeur permitted him to crawl into the rear end while he replaced a worn battery. But while thus engaged the cover came down and locked automatically. After squeezing and squinting he got a knife from his pocket and in five hours' time unscrewed the hinges of the cover.

Kenyon said he yelled himself hoarse but nobody heard.

## DIES "INCH-BY-INCH" WITH JEST ON LIPS

**Hobo Laughs After Arms and  
Legs Are Amputated.**

Newark, N. J.—With a jest upon his lips, a man named William Connors, a tramp, finished dying inch by inch and joint by joint in the Newark city hospital.

It took him 35 days. A policeman phoned him out of a gutter, dead drunk, Christmas eve. His whole body was frost bitten. At the hospital, they asked him his name. He told them. Age? "Forty-two." A nurse? "Haven't got any—here, I am." "Occupation?" The patient burst out, "Hobo." "Burr," he answered. "They called him 'Bill the Boob.' He died it. Doctors and nurses agreed he was the most cheerful patient they ever attended.

Gangrene soon made it necessary to amputate his left arm. His right leg went next. Then, regretfully and apologetically, the surgeons amputated his remaining arm.

Somehow, he continued to live. More than that, he continued to make wise cracks.

"Don't you see, Doc?" he said. "When the P. T. A. presented the moving picture 'Laddie,'

get out of this joint, make a cleanup. Just give me a tin cup and I'm a rich man."

But he grew weaker and it became necessary to amputate his last remaining limb—his left leg. Bill swaddled like a mummy, okayed the procedure.

He was too weak, however, and knew that he was going to die. A nurse asked him if she could light a cigarette for him and hold it while he smoked.

"Don't bother, sister," he said. "There's going to be plenty of smoke where I'm going soon, and I won't need those arms to get it, either."

He laughed apologetically: "That's a hot one. Slip it to the doc, will you, sister?"

Half an hour later he was dead. The shades of D'Arctignau and Cyrano de Bergerac, should they wish to visit his grave, can find it in the potter's field.

## Infant Chokes to Death on Its Nursing Bottle

San Francisco.—Sudden and overwhelming tragedy overtook Mrs. Walter Zimmerman, 380 Arlington street, when she took her five-month-old son Walter for an airing.

While she walked the child swallowed the neck of its milk bottle and strangled to death. Mrs. Zimmerman had strolled for several blocks, visiting with her sister-in-law, Miss Lilian Zimmerman, before she was aware of the condition of the babe.

The mother had bathed and dressed her healthy infant for their afternoon walk and deposited him, snugly wrapped in blankets, in the baby cub before her door. She gave him a freshly warmed bottle and started to walk, accompanied by Miss Zimmerman.

At San Jose avenue and Brooks street, Mrs. Zimmerman decided to open the hood of the baby carriage

and look at her child. Fiercing shrieks drew a crowd to the spot.

No milk had left the bottle and the neck, with its bulging nipple, was lodged in the babe's throat.

Physicians hurried mother and child to Saint Luke's hospital nearby, where surgeons stated the child had been dead nearly half an hour.

## Mystery Solved

New York.—The "mystery" of the vanishing bologna was solved with the arrest of two homeless laborers who confessed having stolen sausage for three nights running by fishing them out of a delicatessen store window with a hook and line thrust through a transom.

## CONGDON TO RETURN HOME FROM PORTO RICO ABOUT MAY 3

After many month's travel in Porto Rico and other countries of interest L. B. Congdon writes from St. Thomas, V. I., that he is homeward bound and expects to arrive in Antioch about May 3rd, leaving there April 25th.

Mr. Congdon is former Chief of Police of this village, and he finds that after all comparisons of customs and mode of living of the various places he has visited have been made that there is "no place like home." In a letter to the News he gives an interesting description of the shark industry in St. Thomas, the struggle of the natives to eke out an existence and their bitterness toward "Uncle Sam" for enforcing Prohibition, claiming that the enactment of this law has taken away their chief source of living.

## FORMER ANTIOCH MAN KILLED BY TRAIN IN MARATHON S. DAKOTA

Body of Wayne Pullen Was Brought Here Monday For Burial.

The body of Nelson Wayne Pullen, former Antioch man, was brought here Monday from Mohrbridge, South Dakota, where he was accidentally killed and buried Tuesday afternoon in the Hillside cemetery.

Nelson Wayne Pullen was born in Antioch on October 6, 1882. He was the youngest son of Mr. and Mrs. Nelson Pullen and resided in this city until he was seventeen years old, going from here to South Dakota where he went to work for the railroad. At the time of his death he was conductor on a freight line. He was married December 14, 1920, to Miss Helen Laurson who survives him.

The accident which resulted fatally occurred on Friday, April 13, while he was assisting in the switching of an engine and caboose in the yards at Marathon, S. D., one hundred miles from his home in Mohrbridge. The caboose, for some reason, did not pull as it should and a large cable was fastened between it and the engine. It was while working with this cable that it snapped and struck Mr. Pullen in the abdomen, causing internal injuries from which he died thirty minutes later.

Funeral services were held in Mohrbridge Sunday afternoon at the Masonic Temple with the Masonic Lodge in charge. From there the body was brought to Antioch accompanied by Mrs. Pullen, her sister, Mrs. Josephine Higgins and Charles Hughes, all of Mohrbridge, and arriving here Monday morning. Funeral services were held at the home of his sister, Mrs. Jacob Drom at two o'clock with Rev. A. M. Krahl as officiating minister and the ceremonies under the direction of the Masons.

Besides his wife, Mr. Pullen is survived by his father, Nelson Pullen, one brother, David Pullen of Antioch, and three sisters, Mrs. Jacob Drom of Antioch, Mrs. Tom Webb of La Grange and Mrs. Charles Harrison of Waukegan and a host of relatives and friends who mourn his departure.

## JOE DUFFY DIES AFTER ILLNESS OF EIGHT WEEKS

Has Foot Amputated Six Weeks Ago; Never Recovered.

Joe Duffy, well known in Antioch and resident of Wilmet died at the Victory Memorial hospital Tuesday morning after an illness of eight weeks. About six weeks ago his left foot was amputated because of the presence of gangrene and he never fully recovered. The body was brought to the Strang Funeral Home.

Mr. Duffy was born January 1, 1885, in Wilmet where he lived most of his life. He is survived by his mother, Mrs. Sarah Hunter of Antioch.

Funeral services were held at two o'clock from the Methodist church of Wilmet this afternoon and interment was made in Wilmet cemetery.

## Notice To Contractors

## WETZEL CHEVROLET SALES COMMENDED BY GENERAL MOTORS

To Whom It May Concern:

For more than a year now we have had the pleasure of doing business with the Wetzel Chevrolet Sales of Antioch, Illinois, of which Mr. L. M. Wetzel is owner.

In looking over our past records the information revealed is the fact that some three hundred or more automobiles have been handled through General Motors Acceptance Corporation and we feel proud to know that we have such a man as Mr. Wetzel to represent our product in that locality.

Our experience with the Wetzel Chevrolet Sales has proven to us that Mr. Wetzel does business in only one way and that is on the up and up and rather than have a displeased or dissatisfied purchaser he would rather lose a sale, which speaks very highly for him.

Antioch, Illinois is exceedingly fortunate in having a business man of Mr. Wetzel's caliber and we only hope that we will have the good fortune to keep him as one of our preferred accounts.

General Motors Acceptance Corporation.
